

**TCEQ, City of Houston(CoH), EPA coordination call on Manchester Air Monitoring
3:30pm 09/08/17**

1. EPA is coordinating with CoH with an Enforcement team on site working with the TAGA to monitor Manchester. Steve Thompson with Enforcement outlined the enforcement team with TAGA on site.
2. Plan to share data? No, will share finalized data.
3. Andy Goodridge (CoH) with TCEQ is in the area, took an air sample. Low readings yesterday, went in again today and surveyed.
4. Cory (TCEQ) has set up an ambient air monitor.
5. CoH asked if EPA needs anything, Steve Thompson said no, we're good.
6. TCEQ and CoH have not received any new complaints from the Manchester community.
7. One party said that Valero said they had a Naphtha leak in another tank. Investigators are trying to locate this leak as well.
8. Steve Thompson referenced a 9/5 monitoring report. TCEQ explained the report referenced a number different than the health number EPA is used to.
